

Super Sort Organising and Classifying

What do I notice?
Is there a pattern?

What is the same?
What is different?

If I continued the
pattern the next
number /shape
would be...

How am I going to
group the information?

What if I ordered the
data smallest to
largest?

Think of
another way
of doing it.

The rule I have
spotted about
the numbers is...

I grouped the information this
way so that I could.....

I organised the mathematics
this way because...

How can I organise
this information?

- a list
- a chart
- a table
- a graph
- a venn diagram
- branch diagram
- tally chart
