

Music Subject Pedagogy

Music

Agreed pedagogy for the teaching of Music at St Mary and St Peter Catholic Primary School

In our school, we agree that the following core strands are crucial to the successful delivery of the Music curriculum:

- Links made to prior learning and questions asked to assess current retention of previously taught knowledge and skills
- Listening to music which develops children's knowledge and understanding of music from the local area, other countries and different cultures
- Opportunities for children to play instruments and sing therefore developing their skills in performance, improvisation and composition
- Both teachers and children will use appropriate musical vocabulary and will be able explain the meaning of the different terminology
- Time will be provided for children to reflect and discuss upon their experiences, making links between different styles and genres
- Additional support through scaffolds, questioning and tailored learning experiences
