

All Around the World Knowledge Organiser- Nursery

In **Nursery** children will learn the following:

All Around the World

By the end of this topic, we want the children to have an embedded knowledge of the following:

- Know about different cultures around the world.
- Know that climates in England differ from other parts of the world.
- Know that different foods grow in varying climates.
- Know that people around the world live in different types of homes including mud huts, bungalows, flats etc.
- Know that animals such as giraffes, elephants, and zebras are native to Africa.

Key vocabulary your child will learn and can define are:

Culture	Different ways of life.
Climate	The typical weather of a country (temperature).
Countries	Places around the world.
