

Nursery – Summer 2 2024

We have a fantastic team of staff working across Early Years.

In Reception you will see: Miss Brooks (Class Teacher and EYFS Lead), Mrs Green, Mrs Bailey and Miss Hannant.

In Nursery you will see: Miss Cooper (Class Teacher), Miss Daniels, Mrs Phair and Mrs Michorczyk.

Things to Remember:

Transitions Day:

For those children who will be joining our reception class in September parents are invited to join their child in their new class on Monday 1st July 9.30 – 11.30 to spend some time in their new environment and meet the Reception team.

For those children who will be remaining in nursery in September parents are invited to join us for a stay and play session on Monday 1st July 9.30 – 11.00 so that you can meet our new friends who will be joining us in nursery.

Punch and Judy Show: Thursday 20th June

Sports Day: Wednesday 17th July

Learning

At the start of term the children's learning will be based around the theme of Summer time. The children will be going on a walk around the school grounds looking at seasonal changes and compare summer time to the other seasons. The children will also get the opportunity visit the school pond and participate in pond dipping looking at pond life at this time of year.

Following this the children's learning will be focused around the topic of The Seaside. We will be focusing on the text "1, 2, 3 Counting in the sea" by Sue Hendra and we will be discussing the rhyming words in the text. The children will be learning to retell the story and learn to use descriptive language to describe a variety of sea creatures. In maths the children will be learning to count out different sea creatures linked to the story as well as learning to understand 'one more' and 'one less' than.

In RE we will be discussing how we can follow in Jesus' footsteps and be good citizens showing kindness, respect, sharing fairly and understanding that everyone is special.

Further details of class learning will be posted on Tapestry.

Home Learning:

To support your child's learning at home please go on a walk together and discuss the season of summer time. Chat about what you can see in the natural environment and talk about appropriate clothing to wear during the summer months.

Why not visit a local beach together and talk about what you can see at the sea side.

Play this under the sea game together to develop your child's counting skills.

Please post examples of your child's home learning on their individual Tapestry accounts.
